Subject: RE: FOIA questions

Anand,

I've gone through the spreadsheet and made notes in red bold that start with "DO NOT REDACT" or "REDACT." Most of what was marked for redaction I've marked as do not redact, primarily because it can't be used to identify a particular employee.

Reviewed
Redactions.xlsx ...

I haven't heard anything from 314 Action Fund since the email I forwarded to you and Daniel.

Subject: FOIA questions

Dear Tracy,

1.The Union of Concerned Scientists (UCS) requested all the responses received for the Scientific Integrity Survey conducted in FY 2016.

Attached is an Excel spreadsheet containing a partial list of the responses with their proposed redactions: Red is for just singular words and Yellow is for the entire row.

Daniel has only redacted the following: Peoples' names and any office identifier information – exemption being used is PII.

Please let us know if these types of redactions are OK and we will continue making the redactions for the rest of the survey responses. We can have a call to discuss to explain the proposed redactions if you think it is necessary.

<< File: Reviewed Redactions.xlsx >>

2. Please let me know the status of setting up the meeting with the requestor (314 Action Fund) for their FOIA request concerning Scientific Integrity Allegations information.

Thanks for all your help!

Anand
